THE DAILY REPUBLICAN will be delivered to subscribers in any part of the city, at Twenty Cents per Week.  
Local Notices will be inserted at Five Cents per line for the first insertion, and five cents per line for each subsequent insertion. (State for time advertisement will be furnished upon application at the office.)

### TO DAILY SUBSCRIBERS.

Subscriptions to the Daily Republican will be collected every Saturday, at the place where the paper is delivered, unless otherwise ordered.  
We would be obliged if our subscribers would inform the carrier at what particular place they desire their papers to be left.

### CITY DEPARTMENT.

Go to Inboden & Co.'s for fresh vegetables and choice fruit.

The excitement of dog shooting is now over, and reckless, uncolored canines now run loose with impunity.

Try those splendid five-cent cigars, at Neidermyer's.

Don't attempt to give publicity to your acts of charity. The Lord will keep that account correct.

Order the H. Nicholas' bus and go to the depot on time.

The mad dog season approaches. There was one on Wood street yesterday. He was mad because a bigger dog gave him a shaking.

For choice peach-blow potatoes, go to Newell & Hammer's.

More clerks are having a good opportunity for house-cleaning to-day.

School children are enjoying the vacation much better than their mothers do.

It is thought that the coolness of the season will materially diminish the business of hotels at watering places and mountain resorts.

Clerk court resumed business at 2 o'clock to-day, having adjourned over from Friday last.

Strawberries are now ripening in these parts. The crop is rather below the average, and the coming into market of home-raised fruit will not much reduce the price.

Those crystal spectacles, sold by Curtis & Hightler are the best in use, and they sell them at a reasonable price.

There was large attendance at the churches yesterday morning, but the threatening state of the weather was the occasion of small audiences in the evening.

If you see a lady and gentleman disagree upon trifling occasions, or correcting each other in company, you may be assured they have had the matrimo and none.

Lewis & Milligan keep the genuine old government Java coffee.

Little Priest has a "yaller" dog which has been so well trained in base ball that he can catch a ball in the teeth every time it is thrown to him. He never misses a catch, and would make a capital first baseman in a professional time of players.

Pickled white fish, at D. M. Barnett & Co.'s.

Farmers are of the opinion that potato bugs will not be as troublesome this year as last. They are making their appearance in some fields, but are nothing like as numerous as they were last year at this time. We hope the crop will escape their ravages this season.

A new lot of beautiful portmanteaus, at L. J. Davis & Co.'s.

The "summer shave" is the popular cut of hair with Decatur "bloody" just now. While this fashion may serve to cool the hot-headed individuals during the summer, it does not exactly improve their appearance.

For toilet articles go to W. C. Armstrong's.

In the western part of this county and in the eastern part of Sangamon not nearly as much rain has fallen as in this immediate vicinity, while to the south of us some cornfields have been so wet as to prevent cultivating. In the sections named there has been no excess of rain.

B. F. Stephens' bakery is the place to get sweet fresh bread.

The dead bodies of rats, which had been drowned by the recent rains had just begun a state of decomposition under the various sidewalks and crossings in the city yesterday. The rain of today will cause the stench to cease for a season, but will only make matters worse when the warm weather comes again.

Hot coffee and lunch at all hours, at Hartley's.

Chicago drummers' recent attempt to sell any shirt bosoms, warranted not to rumple, in this locality. Not much! The sigh, the exclamation, the sweet, tremulous accent, the delicious fragrance of her hair and breath—all these may pass away in a moment, but the rumpled shirt-bosom remains ever with you as a present reminder of past joys.

A large invoice of boots and shoes has just been opened at V. Barber & Co.'s, comprising goods for men's, women's and children's wear. Ladies will have to look a long time before they will find another stock as complete in all its parts as may be seen at this house.

They have also children's shoes of all styles and sizes. Examine their stock before purchasing.

Among the graduates from the College of Physicians and Surgeons at Keokuk, Iowa, at the late commencement of that institution, we notice the name of Mr. C. P. Smith, formerly a teacher in the public schools of this city. We understand that Mr. Smith stood first in his class. It is his intention soon to go into the practice of medicine somewhere in Macon county.

### A FREE FIGHT.

A Belligerent Farmer Beaten and "Jugged."

On Saturday afternoon two or three yordant individuals from the country commenced trying to get up a row with Robert Winston, a peaceable, unoffending colored man. The countrymen continued their tantalizing words until "Bob" thought forbearance had ceased to be a virtue, and he shook his clenched fist under the young farmer's proboscis, at the same time intimating that if he did not "let up" on teasing he would get a severe drubbing. "Bob" ground his teeth in rage, but he did not suffer his belligerent principles to get the ascendancy over him, and he quietly his anger. An hour or so later his old tormentors re-appeared and commenced a repetition of the old programme, much to his displeasure. At last one of the tormentors commenced fighting Winston in front of Gehrmann's dry-goods store. The wiry negro grappled his assailant and soon had him under. The combatants wallowed around for some time, to the great danger of destruction to show-cases and millinery. At length the colored individual got a decided advantage over his opponent, and commenced pummeling his nose in fine style. At this juncture an excited female, evidently a relative of the fallen farmer, rushed in upon the scene and commenced kicking the negro vehemently. She was hauled away, resisting violently. Officer Denham then appeared and separated the combatants. At first he suspected that Winston was to blame, but when about twenty voices in the crowd told him his error, he released Winston, and arrested the unwilling countryman. Marshal Hawthorn soon appeared, and the two officers took the unwilling prisoner to the city calaboose.

After a short repose in the calaboose, the young man was taken before Judge Albert, where he gave his name as Clay Brown. He paid the fine of \$3 and costs which the Justice assessed, and went sorrowfully away, dissatisfied with the result of his campaign against the African, Winston.

### TEXAS LANDS.

We desire to say that if our Illinois friends want a section or more of GOOD LANDS, in a good country, and they will send their orders through Messrs. DeWitt & Burrows, or Warren & Durfee, we will personally see that they get choice lands. All orders received by letter or telegraph, by the 5th of July, will receive our careful attention.

We are satisfied, from the rapidly with which the public domain of Texas is being auctioned, that another expedition to TEXAS LANDS will be fruitless.

By the 25th of June, we will be fully prepared, with maps, documents, and men, to go into every nook and corner of the most reliable surveys, in this or any State. Nothing but fling the scrip with the surveyor and designating the land, will secure it. The heavy immigration now pouring into these frontier counties, will soon give to every settler neighbors.

J. B. DUNN, NORMAN FAIRING.

June 14-11th

Vacation Trip.—Rev. Herman Reed will leave tomorrow morning for a ten days' trip through parts of Indiana and Ohio. He goes by the way of Bloomington, and will attend the anniversary exercises of the Wesleyan University at that place tomorrow. Thence he will go to Moore's Hill, Ind., where is to deliver the annual address before the Sigma Xi Society of the college located there, on Wednesday evening. He will take in Cincinnati on his trip, and on returning will join Mrs. Reed, who is visiting friends in Indiana, and with her return to Decatur the last of next week.

Degree Conferred.—The degree of Doctor of Divinity was conferred on Rev. F. M. Ellis, formerly of this city, at the recent commencement of Shurtleff College, at Alton, this state.

Almost a Frost.—The sudden change in the weather on Friday night was followed by a cool day on Saturday, and the night of that day was cold enough for a heavy frost, which would have smitten vegetation but for the brisk breeze which prevailed. On yesterday afternoon were necessary all day to make dwellings comfortable, and those who were fortunate enough to have their stoves up, found use for them. Everybody may well be thankful that a frost was averted, for had it come the damage to crops would have been almost beyond calculation.

Across the Bridge.—All trains on the T. & W. V. Railway now cross the big bridge and run into the Union Depot in St. Louis. The trains of this road over the Pekin branch commence running through to Peoria to-day.

We are pleased to chronicle the fact that Capt. Silas Overmyer, of this city, Special Agent of the Woolen Dock Co., has just made a contract to furnish the new State house with fine Cabinet Office Secretaries. The commissioners and architect, after careful examination, were unanimous in their adoption of this Secretary, as the most compact, convenient and beautiful they had ever seen.

The culverts and gutters for conducting away surface water in the business part of town are entirely insufficient in cases of heavy showers like we had this forenoon. Whether we have sewerage or not, we should suppose that provision might be made for conducting away the water that falls, and that which is produced by melting snow in the spring.

### ANOTHER FIRE.

A Block of Business Houses Saved by Our Efficient Firemen.

At about 11 o'clock last Saturday night a clerk at J. P. Jarman's confectionery and restaurant saw flames and clouds of smoke issuing from the little room in the rear of Clark's photograph gallery. He ran immediately and gave the alarm. Iosco Company No. 1 and the Hook and Ladder boys quickly responded to the call, and were at work within a few minutes. The flames shot up a lurid light, illuminating all the buildings in the neighborhood, and before the firemen got to work it was thought that the whole opera block would be destroyed. Iosco Company No. 2 arrived a few minutes after No. 1, and both companies were soon flooding the little building with water. The flames were extinguished before the main building or any of the adjacent business houses were ignited. The frame of the little addition is yet standing, but it is burned and charred so as to be worthless.

Negatives and photographs innumerable were destroyed by the fire, and all the skylights, scenes and apparatus were demolished.

All the sidewalks within the vicinity of the fire were crowded with spectators, who watched with interest the movements of the firemen, and applauded their efforts to extinguish the flames.

The fire was evidently the work of an incendiary, who ignited the building in two places, and did his work well. The flames, all in the interior of the building, had made considerable headway before the fire was discovered.

The little building which was burned, was the property of Mr. Clark, the photographer, who sustains a total loss on the building and its contents, of about \$3,500, of which \$2,700 is covered by insurance.

Social.—The members of the Christian church, with their friends, will meet this evening at the church for a sociable. As this will be the last meeting held in the old church building a large attendance is expected. A pleasant time is anticipated.

Premium List of the Macon County Fair.—3,000 copies of a fifty page pamphlet, containing the premium list of the Macon County Agricultural Society, will be issued at this office in a few days. It will be printed on fine white paper, and well bound. There will be a few pages devoted to advertising, and these of our business men who wish to bring their wares before the people, will have an opportunity to do so at a moderate cost. Orders for advertising space may be left at the Republican office, or solicitors will call at the different business houses.

Several collars of business houses were flooded by the heavy rain of this forenoon.

On next Sunday the Christian congregation will unite with that of the First M. E. Church, and Elder Haynes will occupy the pulpit.

The work of tearing down the old Christian Church edifice, on the corner of North Main and North streets, will commence to-morrow. Until the new church is completed the meetings will be held in the opera house.

Too Much at Stake.—Steel & Price, the manufacturers of Dr. Price's Flavoring Extracts and Cream Baking Powder, with their respectability, large trade, wide reputation, and constantly increasing popularity, have too much at stake to put upon the market anything which has not, by careful analysis and constant trial, been found to be not only harmless, but positively beneficial, as well as superior to any other similar articles. Dr. Price's Cream Baking Powder and Flavoring Extracts are the only kinds made by a practical chemist as well as physician with special regard to their healthfulness. And they are rapidly superseding all inferior and deleterious compounds for similar purposes. The firm itself is known as the leading manufacturers in this line upon the continent. Buy Dr. Price's Baking Powder only in cans with unbroken labels.

Doctors Disagree as to the treatment of all diseases, from the mildest ailment to the deadliest epidemic, but the fact that the CALIFORNIA VIKINGA BITTERS is conquering maladies which have defied the faculty, renders these professional differences of little consequence. While Dyspepsia, Gout, Rheumatism, Urinary Complaints, Biliousness, Nervous Debilities, and all disorders not organic, are obliterated by this matchless vegetable tonic and alternative, who cares for opinions? daw4w

### THE RUSH TO KANSAS AND COLORADO.

The indications are that the rush to Kansas and Colorado will be greater than ever in 1874. The shortest way to reach the Far West is through St. Louis, the great Mississippi Valley City, of over 450,000 inhabitants, and thence west over the St. Louis, Kansas City and Northern Short Line, which reaches all the great land grants in the West, and runs six fast Express trains, two more than any other road between the Mississippi and Missouri Rivers. This road, in the last two years, has expended over two million dollars, besides earnings, in extraordinary improvement of roadway, in relaying its line with best quality of new steel and iron rails, on broad, new ties, and in passenger equipment, having substituted for ordinary cars new rolling chair coaches, with every appliance for comfort and safety, being elegantly carpeted and fitted with dressing rooms, with toilet conveniences for ladies, gentlemen and families traveling with children, free of any extra charge. A first-class agent will sell through tickets to the West will furnish tickets by this excellent route through St. Louis, over the St. Louis, Kansas City and Northern Short Line, the best and shortest to Kansas, Colorado, Nebraska, California, and the Great West, it being the line running through cars between St. Louis and Omaha. For map, circulars and time-tables address either F. A. Palmer, Indianapolis, Ind.; or P. B. Grant, St. Louis, Mo., either of whom will furnish any information desired. [Jan 8-wly]

### POLICE NEWS.

Our Justices had plenty to do on Saturday night. Drunken men and disturbers of the peace were plenty, and our police officers did all they could to arrest them.

Justice Albert was kept up until 2 o'clock Saturday night to try offenders against the city ordinances. Police officers were kept busy to get together witnesses to prove the guilt of the prisoners they had under arrest.

C. Kirk—disturbance, \$4 and trimming.

Pat. Hopeland paid a similar amount for disturbance.

Julius Blackburn was fined \$5 and costs for the same offense.

Charles Barnes paid \$3 and costs, after pleading guilty to intoxication.

W. Hanway was assessed a fine of \$3 and trimmings for disturbance.

Thos. Matthews, for the offense of intoxication and disturbance, was fined \$4 and costs.

The first to be fined was Wm. Cantel, who pleaded guilty to the charge of intoxication, and paid \$3 and costs.

Before Squire Hughes the first offender arraigned was Martin Decker, who pleaded guilty to the charge of intoxication, and was fined \$3 and costs. He had no spare cash, but his whole soul revolted at the thought of going to the calaboose. He pleaded eloquently but his cries were unheeded, and he was lodged in the city prison to bourn out his fine.

Andrew Dunston, a blacksmith, was likewise fined \$3 and costs for knocking down one of his fellow-workmen, who had insulted him.

Mike Hackett paid \$3 and costs in the same court for the privilege of knocking down C. A. Minckley, who had caused a disturbance in his saloon.

Luckily for all the prisoners they either had money or enough valuables about them to secure their fines. By depositing these they obtained their release.
